TITLE 13, CALIFORNIA CODE OF REGULATIONS DIVISION 2, CHAPTER 6 ARTICLE 1, SECTION 1150.1 IS AMENDED TO READ:

§ 1150.1. Designation of Routes and Stopping Places.

(a) The highways, ~~safe stopping places, and inspection stops~~ to be used for transportation of commodities listed in Section 1150 are set forth in Sections 1151.1 through ~~1153.12~~ 1152.7.1 (Maps 1 through 17A). Safe stopping places, inspection stops, and safe parking places are listed in Section ~~1154~~ 1153.

(b) Definitions.

(1) Safe Stopping Place. “Safe stopping place” means any place where a driver may stop for food, fuel, or other reason, provided the vehicle is attended at all times.

(2) Attended Vehicle. A vehicle is “attended” when the driver or person in charge of it is awake and occupies any part of it except the sleeper berth; or is within 100 ft. of the vehicle and has an unobstructed view of it.

(3) Safe Parking Place. “Safe parking place” means any off-highway location or terminal where the driver may park and leave a vehicle unattended.

(4) Inspection Stop. “Inspection stop” means any location specially designated as such in this article or any safe parking place or safe stopping place where vehicle inspections required by Section 31607 of the Vehicle Code may be performed.

(5) Required Inspection Stop. “Required inspection stop” means any place designated as such or any other place where vehicle inspection is mandatory.

Note: Authority cited: Section 31616, Vehicle Code. Reference: Sections 31302, 31602, 31614 and 31616, Vehicle Code.

§ 1150.2. Routes Traveled and Stopping.

(a) Routes. No person shall drive or permit the driving of any vehicle transporting commodities listed in Section 1150 upon any highway not designated by this article. For pickup and delivery not over designated routes, the route selected must be the shortest-distance route from the pickup location to the nearest designated route entry location, and the shortest-distance route to the delivery location from the nearest designated route exit location.

(b) Access to Inspection Stops and Safe Stopping Places. If highway access is not provided, a highway other than one designated herein may be used to permit a vehicle or vehicle combination to proceed to and from an inspection stop or safe stopping place, provided the most direct route is used avoiding, to the extent practicable, places where crowds are assembled, streetcar tracks, tunnels, viaducts, and dangerous crossings.

(c) Stopping. No person shall stop a vehicle or vehicle combination transporting commodities listed in Section 1150 at any place not designated as a safe stopping place, safe parking place, improved public rest area as described in (d) of this section, or inspection stop, except to comply with orders of a peace officer or an official traffic control device or unless the vehicle or vehicle combination is disabled.

(d) Public Rest Areas. An improved public rest area contiguous to a highway is deemed part of the highway for the purpose of this article.

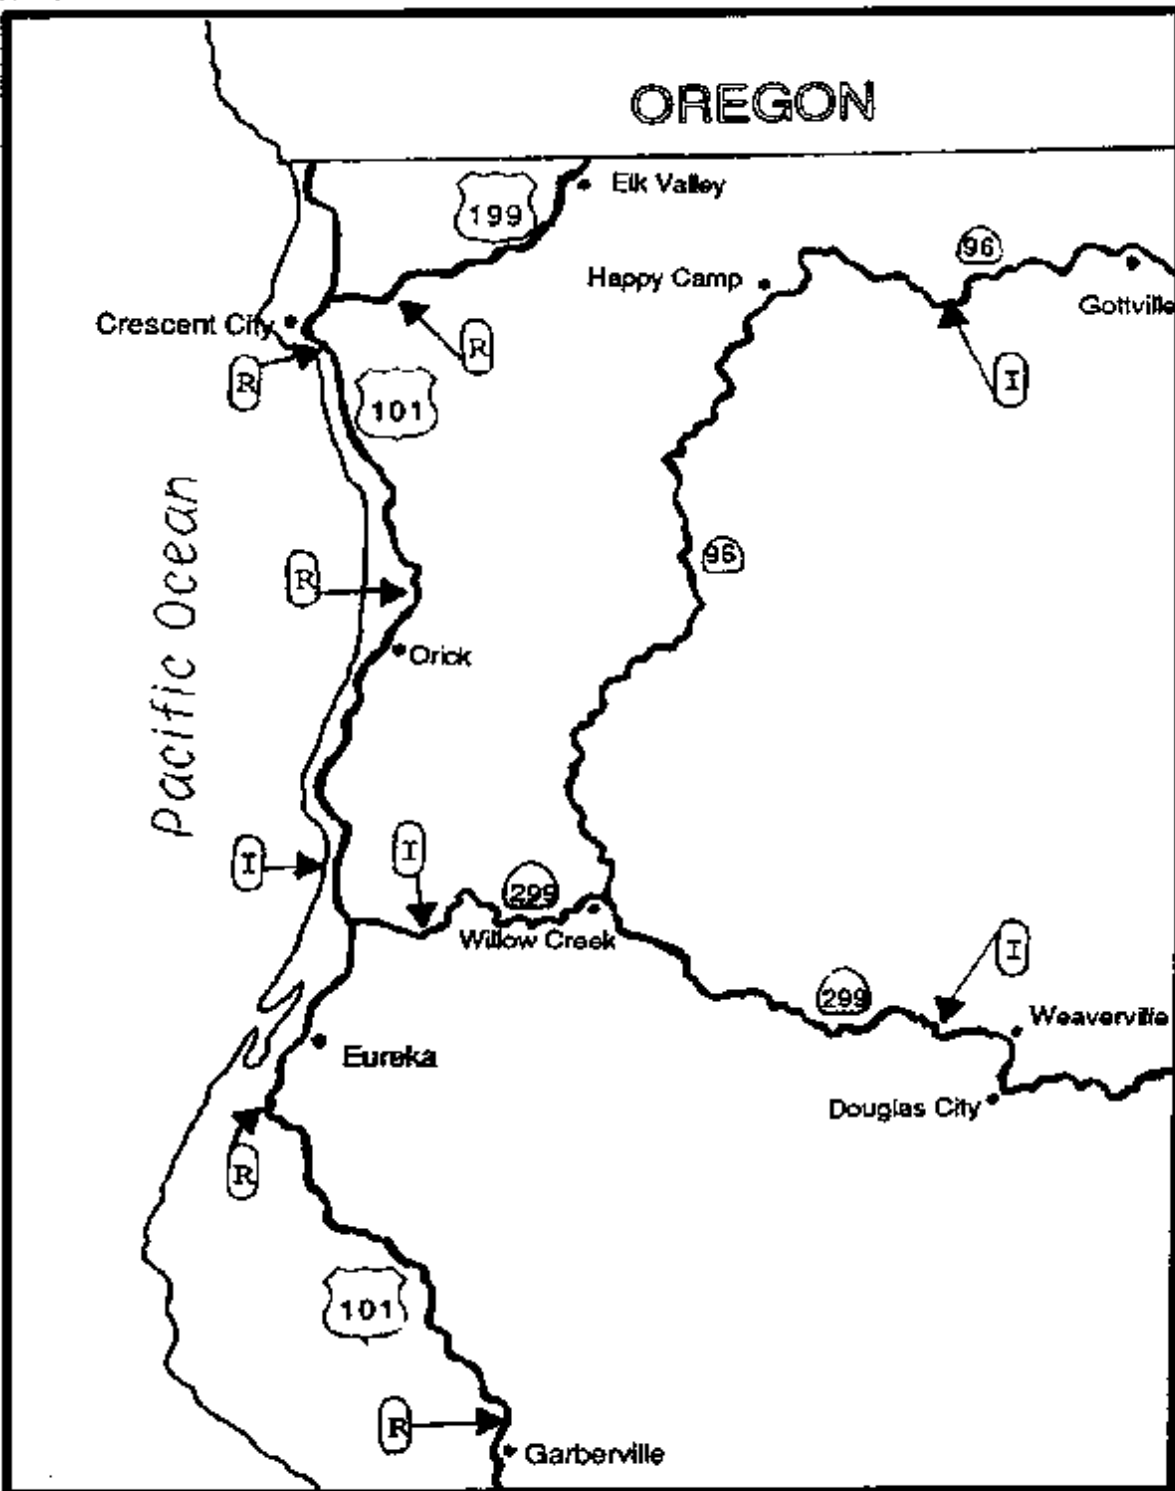

(e) Restrictions. In addition to traveling on the routes or using the stopping places designated in this Article, no person shall violate any other applicable laws, local ordinances, or road signs restricting the use of any specific roads or stops.

Note: Authority cited: Section 31616, Vehicle Code. Reference: Sections 31602, 31614 and 31616, Vehicle Code.
